After a terribly long winter, the month of May never looked so good, and we have a ton of exciting things planned to celebrate the upcoming warm weather season.

May 7 kicks off the season with Tunes at Twilight held in the Sun Inn Courtyard. Ricky and the Ricardo's will be playing for the first Tunes of many Thursday nights in the spring and summer.

The Bethlehem Annual Dinner will be held May 14 at the Artsquest Center - and as I said last month - we are honoring very worthy individuals: Joe and Mary Pat Brake; the team behind the Apollo Grill, Dyanne and Rod Holt and Pat and Tucker Lyons; and Jean Kessler, a volunteer for the Citizens Christmas City Committee (and a ton of other organizations throughout her life), but what makes Jean so special is that she has been involved with The Chamber since 1940! Two Bethlehem businesses will be honored for their longevity: West Side Hammer Electric and Fritch Fuel. Please be sure to mark this event on your calendar. For registration, please contact Lynn Collins Cunningham at Lynnc@lehighvalleychamber.org.

In August we will once again hold Bethlehem VegFest on the Greenway in South Bethlehem. We will give you more details as it gets closer to the date.
