

This month's spotlight shines on Country Cuts, 4308 Rt. 309, Schnecksville. Tami Whitehouse, owner, had begun her career with the previous owner (Baer's Barber Shop-which was in business since 1924!) in 1985 and purchased the business in 1996. In 2010, Tami purchased and renovated the existing location. In addition to Tami, the stylists include Alice Seyler and Sharon Carpenito. They offer men and women haircuts, stylings, colors and perms. They use/offer Paul Mitchell, Matrix and Wella products. Country Cuts offers both walk in and appointments for customers and is open Monday thru Saturday. Per Tami, "We strive to provide great hair styling in a casual atmosphere for our customers. We have many generation customers-from great grand parents to children and our customers come from across the greater Lehigh County area." So if you are tired of your old barber or hairdresser and want a great cut/color at a great price (and by charming stylists) by a true community business, contact them at 610-799-3122.
