

This month the GNLCC Business of the month shines on Peachtree City Foamcraft located at 4215 Independence Dr., Schnecksville, PA 18078.

Peachtree City Foamcraft is the nation's largest wholesale-only manufacturer of foamcore monument signs and architectural accents to the signage industry. The signage is manufactured using a foam core which is then encapsulated in their exclusive Poly-Armor™ hard coat and sprayed with a stucco finish. This process allows their signage to be extremely lightweight but just as durable as concrete, eliminating the need for onsite installation while maintaining long term exterior durability. Peachtree City Foamcraft is the innovator of the product. They are the only manufacturer to have their product independently tested and approved to withstand 175 mph winds.

Founded in 1991, the company started with 3 employees and has since grown to 3 facilities, over 20 employees and services thousands of retail sign shops across the United States and Canada. In 1991, Peachtree City Foamcraft opened their first plant in Tyrone, GA with 3 employees. In 1998, Peachtree City Foamcraft developed a manufacturing technique to create faux brick panels to complement their line of quality foamcore monuments. In addition, the exclusive hard coat makes the foamcore signage impervious to rot, moisture, termites, freeze and thaw. In 2001, Peachtree City Foamcraft opened their second branch in Boulder City, NV. In 2003, Peachtree City Foamcraft opened their third plant in Schnecksville, PA

Peachtree City Foamcraft is led by the management team of Kenneth Reynolds, President/CEO; Michael Fetter, General Manager; Katie Schwartz, Marketing Manager; and Larry Falatko, Plant Manager.

Peachtree City Foamcraft is a family owned and operated company that is built upon a foundation of quality products and long term mutually beneficial relationships. The company continues to grow as it invests in ongoing approaches to improve its product, level of service while maintaining quality employees. We are committed to educating and providing a superior product to our retail sign shop clients and allowing them to expand their product offerings and increase their profitability by integrating our product.
