The Greater Northern Lehigh Chamber of Commerce is pleased to recognize Professional Landscape Associates of Schnecksville as the March 2016 Business of the Month. PLA is known for giving each client personalized attention.

Professional landscape Associate is a small, innovative design/build business that customizes each landscape to the individual need of their customer. They are skilled in doing work on multiple types of properties; including but not limited to, older home renovations, new homes and small commercial designs. They work hard to ensure that each material used is of the highest quality and will endure the location it resides in.

The personalized attention that you receive at Professional Landscape Associates is like no other. As landscape contractors they hand pick a group of qualified subcontractors to make their clients vision come to life. As a client walking into Professional Landscape Associates, you will experience excellent customer service from Andrew J. Brennan, owner, Priscilla Davies Brennan, landscape designer, and E. William Brennan, team leader. You will then be given a scaled drawing of your landscape design which will then be installed to make your home or business look more beautiful then ever.

Be sure to visit Professional Landscape Associate's website at [www.Pladesign.org](http://www.Pladesign.org) and "like" their Facebook page under Professional Landscape Associates
