April 2016:

Ron Eichenberg, The Frederick Group
Western Lehigh Chamber President
(610) 398-0411 • ron@tfgrealtors.com

April is the fourth month of the year in the Gregorian calendar and its predecessor, the Julian calendar. Its name is derived from the Latin word aperit, which means to open. It is considered that April is the month of the growing season and when trees and flowers begin to "open". Speaking of open. Western Lehigh Chamber welcomed another new business with a Grand Opening. Robbins Rehabilitation with 4 additional offices in the Lehigh Valley and serving clients for 15 years has selected a location at 6750 Iroquois Trail Suite 12A for its newest venture. Visit their web site at robbinspt.com to see a menu of physical therapy services and support a local business. The proppsed new interchange on I-78 West of Route 100 referenced in last month's article has received an initial green light as reported from a recent Upper Macungie Supervisors' Meeting by WFMZ. Upper Macungie Township will soon begin moving forward with a point of access study for the proposed Adams Road interchange along I-78 with the help of three area stakeholders. The board of supervisors unanimously approved a consortium agreement at its March 3rd meeting with National Freight, Inc., Liberty Property Trust and Jaindl Land Co. in which the three stakeholders will pay for the $394,203 study. In addition, the board unanimously approved a resolution directing Alfred Benesch & Co. to work on and present the study. The study will include a sketch plan and a modeling and traffic simulation demonstrating how the proposed interchange might benefit the township.
