

Business of the Month: December 2011

ABSOLUTE BUSINESS COMPUTERS

This month's Business Spotlight highlights Absolute Business Computers at 300 E Washington St, Slatington, PA 18080.

Tadd Williams is the owner and the business was started in March 2003 in Slatington. Absolute Business Computers is a computer network consulting, installation, and support. They believe business needs should drive technology decision as opposed to "having technology for technologies" Tadd says. In addition, they help companies evaluate their current IT decisions based on the companies long-term goals.

Recently, Absolute Business Computers helped a local non-profit agency replace their aging network and consolidate resources. This enabled them to communicate more effectively. Absolute Business Computers provides the highest level of expertise, service, and support to their clients. They also began proactive server monitoring and daily backup reviews for our clients.

Any Lehigh Valley Company who would like a trusted IT advisor on their team should contact Absolute Business Computers at 610-841-4747 or visit them online at www.AbsoluteLV.com.
