

NORHTERN LEHIGH COMMUNITY CENTER

As Linda stated, Dale's involvement with MESH interacts with many of her other activities. One of her major contributions to our area is her service to the Northern Lehigh Community Center. While questioning members of the Community Center to establish the specific tasks that Dale accomplishes on a regular basis, I heard over and over how she is involved in everything and that it is really hard to pinpoint EXACTLY what she does. However, examples of her participation were:

- Serves as Treasurer for the Community Center
- Works in the office and handles all of the paperwork including all that is involved with the Fund Raising Campaign
- Schedules the meetings for the Community Center
- Dispenses minutes and meeting schedules for the Future Focus/Visioning process that has been ongoing for the past year and a half
- On her own time, makes sure that groups are able to get into the Center for evening meetings by coming and opening the doors

I am sure there are many, many more things that Dale contributes. One of the persons who would be able to attest to her day-to-day activities with the Center is Bob Allem but unfortunately for us, and fortunately for him, Bob is vacationing in Florida.

I hope I have given you a sense of the dedication of Dale Breyfogle and the just a few of the reasons that the Board of Directors of the Greater Northern Lehigh Council chose her as the winner of the "Spirit Award for 2002."
